Brent -7.77% single-session; $95-$100 support zone now critical inflection

A 7.77% single-day collapse in Brent to $104.62 on Iran-US diplomatic signals compresses the war-premium embedded since YTD +71.93%. GCC sovereign revenue models calibrated above $90 face mark-to-market relief; a sustained break below $100 would pressure Tadawul (currently -5.79%
